

Bend the Light

Ro Danishei

Boys and girls,
No you are not at home anymore
Welcome to the beginning of the Rainbow
Where blue birds don't fly
The sun doesn't shine
Just a disco balls spins high in the sky
Strobing lights that blind your eyes
Keep them shut and open wide
They've lied to you, kids, there's only night
Click your heels three times,
See you on the other side.
