

White Lights

The Rural Alberta Advantage

It's been a while
I swore I'd admire the view
all night long
Never knew the mark I'd left on you now
But alone
Our fiery plans, they won't do
Never knew the mark I'd put on you
All alone
Been a fire all night
'Cause the safe plan was wild and loose
But I've been tired all night
So I guess it puts the weight on you
It takes a harder time
To crush this old cluttered tube
But I still want the hard life
'Cause you swear it took the weight off you
Never knew the harm it took on you
Tonight it's such a hard life
I'll be standing up there for you
Tonight under the harsh
White Lights
I'll be waiting up there for you
Tonight under the hard lights
I'll be staying up late for you
Never knew the harm it took on you
Never knew the mark it put on you
All alone
Been wasting all my life on the same mistakes
I'm waiting up there for you
Don't take long
Waiting all my life in the same old place
I'm waisting up there for you
Tonight it's such a hard life
I'll be standing up there for you
Tonight under the harsh
White Lights
I'll be waiting up there for you
Tonight under the hard lights
I'll be staying up late for you

Never knew the harm it took on you
Never knew the mark it put on you
Been wasting all my life on the same mistakes
I'm waiting up there for you
Don't take long
Waiting all my life in the same old place
Waiting up there for you
