

# Be the One

## Poi Dog Pondering

Say that you'll be The one  
drowning in my heart, to be  
drowning in your arms, (take me)  
\*3 summers heat, tangled up  
in sheets (take me) (\* Susan  
gave me that line)I'm as steady as a sea saw,  
and as longing as the wind,  
visions of you come so filling  
I swoon -- so far  
and distant and under the same  
moon, all I ask is you to  
Take Me  
under the strength of your  
words my heart is carried  
by a hundred birds (Take me)into death I do seep, into  
The arms of your hearts  
sleep (take me)Breathing as you where,  
Lying on The floor  
Take Me  
Take Me.
