Move

Between the Trees

Stretch your line and cover up to sit at home
With every passing mile, melodies become
More than a song in my headI paint a picture of the story of my life told
And taking chances see the color scheme unfoldThis is ours and we're taking chances
We're moving and we're not waiting for this to move
So we're gonna moveAll I know is we're gonna make it out
We're moving
All I know is nothing can stop us now
Still moving onAll I know is we're gonna make it out
We're moving
All I know is nothing can stop us nowTime is precious, we can't stop now
If you're burdened by the bruises
Then you're never gonna make it outAnd if you're hurting on reality shows
And talent branches are a reason to say noThis is ours and we're taking chances
We're moving and we're not waiting for this to move
So we're gonna moveAll I know is we're gonna make it out
We're moving
All I know is nothing can stop us now
Still moving onAll I know is we're gonna make it out
We're moving
All I know is nothing can stop us now'Cause these roads were made for moving
So we're moving, we're movingAll I know is we're gonna make it out
All I know is nothing can stop us nowAll I know is we're gonna make it out
We're moving
All I know is nothing can stop us now
Still moving onAll I know is nothing can stop us now
Still moving on
All I know is nothing can stop us now
