Two Souls

Ingrid Lukas

Quiet constant force
Pushing forward
It's a decision to go on not to stop
It is belief to go on not to stop
It is hope to go on to not ever stop
Never give up
Never give up

Love is a flight
To much for you to contain
Love is a flight
When you can hardly bear being near
Love is a flight back
'Cause nothing else make any sense anymore
Love is a flight back
Nothing else make any sense anymore

It's a decision to go on not to stop
It is belief to go on not to stop
It is hope to go on to not ever stop
Never give up

Love is two souls
Talking without words
Love is two souls
Embracing without a touch
Love is rainbow [?]
Love and can't find words anymore
Love is rainbow [?]
Don't [.....] anymore
