Full Force

Youth Brigade

They say there's strengh in numbers, we've got the numbers here
Got to unite forces then it'll be us they fear
And then we'll drink to kids like you and me
We'll march in the streets, full forceThere's no time like the present and presently we're oppressed
Let your voice be heard today before your life's a mess
And now I've only got two words for you and it's not "Good luck"!
Then we'll leave you bloody in the streets cos we don't give a fuckFull force - come straight to me
Full force - and you will see
Full force - that's the way it'll be
Full force - come straight to me
Full force - and you will see
Full force - that's the way it'll beGet off your ass, get out of your house take matters in your own hands
Us kids are gonna do the things we wanna do it's our time to take a stand
And then we'll drink to kids like you and me
We'll march in the streets, full forceThey say there's strengh in numbers, we've got the numbers here
Got to unite forces then it'll be us they fear
And now I've only got two words for you and it's not "Good luck"!
Then we'll leave you bloody in the streets cos we don't give a fuckFull force - come straight to me
Full force - and you will see
Full force - that's the way it'll be
