

Pacific Coast Party

Smash Mouth

Get your motor runnin' California Interstate 1
Pacific coast party
If you got to work today get yourself a new vocation
Pacific coast party You don't have to mind father time mother nature
Get yourself in line take your time
And watch it slip away Just quit your bitchin' bite your tongue save it for a rainy day, son
Pacific coast party
Get your ticket pack your bags come and join the celebration
Pacific coast party If you wanna find peace of mind come and get it
Get yourself in line take your time
And watch it slip away
Pacific coast party Hey I heard somebody say work harder than you play
But I never missed a single day's party
Word I never heard a word I turned the other way
Pacific coast party You don't have to mind father time mother nature
Get yourself in line take your time
And watch it slip away Hey I heard somebody say work harder than you play
But I never missed a single day's party
Word I never heard a word I turned the other way
Pacific coast party Hey I heard somebody say work harder than you play
But I never missed a single day's party
Word I never heard a word I turned the other way
Pacific coast party Pacific coast party
(Pacific coast party)
Pacific coast party
