Don't Talk Dirty to Me

E-Rotic

Touch me with your love
And give me satisfaction
When we get into action
But dont talk dirty
Take me in your arms
And go for my obsession
And give me all your passion
Dont talk dirty to meOh touch me
But dont talk dirty to me
Oh baby touch meHey keep it cool cos thats the rule
Im your lover baby not your fool
Everything I ever knew
So let my body talk to you
Im in love with you I know it hurts
If lovers use four letter words
Im gonna use my heart and soul
Its just to make you lose controlOh Dont talk dirty to me
Just touch me
Oh You gotta touch me baby
Dont talk dirtyDont wanna lose you Hey keep close
Baby Im the one Im the one you chose
Ill always treat you like a jewel
Tell you baby Dont be cruel
We got the day and we got the night
To hold each other really tight
Whether you lie or sit or walk
Gonna let my body talkOh Dont talk dirty to me baby
Just touch me
Oh You gotta touch me baby
Dont talk dirtyOoh give me some action
I need your satisfaction
Oooh, Oooh, Oooh
