There Must Be an Angel

No Angels

No-one on earth could feel like this

I'm thrown and overblown with bliss

There must be an angel

Playing with my heartI walk into an empty room

And suddenly my heart goes "boom"

It's an orchestra of angels

And they're playing with my heartMust be talking to an angel

Must be talking to an angelNo-one on earth could feel like this

I'm thrown and overblown with bliss

There must be an angel

Playing with my heartAnd when I think that I'm alone

It seems there's more of us at home

It's a multitude of angels

And they're playing with my heartMust be talking to an angel

Must be talking to an angelI must be hallucinating

Watching angels celebratingCould this be reactivating

All my senses dislocating? This must be a strange deception

By celestial interventionLeavin' me the recollection

Of your heavenly connectionI walk into an empty room

And suddenly my heart goes "boom"

It's an orchestra of angels

And they're playing with my heartMust be talking to an angel

Must be talking to an angel
