

# Unlove Me

[Julie Roberts](#)

Unloose this hold you've got on me  
Unlock this heart that can't get free  
Unlive the night you kissed and hugged meUndream the dreams that we both shared  
Unfeel the feelin' that you cared  
Before you leave me, please unlove meUnlove me  
Unmake all the memories I can't forget  
Unlove me  
Let my go back to the way I was before we metBack to the days when I was strong  
When it wasn't sad to be alone  
When I was happy go luckyAnd I didn't know how good it felt  
To hold you and feel my heart melt  
Show me a little mercy and unlove meUnlove me  
Untie all the strings between you heart and mine  
Unlove me  
Do it real slow, so I don't have to lose you all at one timeBefore you pack your bags and leave  
One thing I wish you'd do for me  
Take a little time to just unlove meUnlove me  
Unmake all the memories I can't forget  
Unlove me  
Let my go back to the way I was before we metUnloose this hold you've got on me  
Unlock this heart that can't get free  
Before you leave me, please unlove me  
Show a little mercy and unlove me
