Live Today

Hundredth

I'm gonna live today, live to make a change.
There comes a time in every life when it's time to move on.
And well hey, that's what it is today, that's what it is today
It's time to make a change.
I was never awake, just dreaming of the days
When things were said and never done.
But now this is the life I lead,
Hoping to breathe hope into humanity.
But not me; I made a promise to myself.
I made, I made a promise to myself.
I promised I'd never go back
To thinking of this place as my wishing well.
It's the same ol' take, take, take
I gave up on the world and that's all I could give.
And I said I'll never go back to putting myself above the rest.
I held my chin up high, but that's all I could lift.
Inside of me was a void as empty as the sky without the sun.
Empty as the sky without the sun.
Sky without the sun
I was never awake, just dreaming of the days
When things were said and never done.
But now this is the life I lead,
Living only to breathe hope into humanity.
I'm gonna live today.
