

Whereabouts Unknown

Rise Against

To the ends of this lost world
You have marched and you have sworn
To a tainted crown of thorns
As the hungry sails unfurl
We are thrust from the shore
And it's you that we search for
The blackest night, the midnight sun
The covered tracks and days spent on the run
The strangers we've become
His whereabouts unknown
Please know you can come home, it's alright
I long for the moment our silence is broken
It's alright, it's alright, it's alright
Another place, another time
We toed the same side of the line
Yeah, we saw eye to eye
Even then the saddest sounds
Were nothing laughter could not drown
But we are not laughing now
I see your face in my sights
I hesitate and then look for a sign
Somewhere in the sky
His whereabouts unknown
Please know you can come home, it's alright
I long for the moment our silence is broken
It's alright, it's alright, it's alright
Even together we stand apart
Swallow the sun, erase the sky
An invitation has been declined
Where did you go? Where did you go?
Your whereabouts unknown
Please know you can come home, it's alright
I long for the moment our silence is broken
It's alright, it's alright, it's alright
It's alright now, oh woah
It's alright, yeah
'Cause all is forgiven if you could just listen
It's alright, it's alright
