

Move Me

[Rebecca Lynn Howard](#)

Another same old, same old Friday night
What a surprise dinner and a movie
Gotta believe there's more to life
I'm looking for a man, looking for a man
Looking for a man to move me I want to go swimming in an icy creek
Make sand angels on the beach
Shoot cans with a BB gun
Go hang gliding and bungee jump Swing around on the monkey bars
Come on guys, it ain't all that hard
I'm stuck in a dull routine
Looking for a man to move me If you want to get to me
Just give my world a spin
I'm not that hard to please
Take my heart somewhere it's never been I want to steal a kiss at the top of the Ferris wheel
Count the stars while we're lying in a grassy field
Eat blackberries off the vine
Make mud pies and fly a kite Catch fireflies in a mason jar
Come on guys, it ain't all that hard
I'm stuck in a dull routine
Looking for a man to move me Another same old, same old Friday night
What a surprise dinner and a movie
Gotta believe there's more to life
I'm looking for a man, looking for a man
Looking for a man to move me
