

You Can't Rush Your Healing

Trevor Hall

It comes to me upon the strings
when I hear it when I sing I can't say it's my creations
staying patient what it brings??let me say I'm coming humble
I don't know what's right or wrong I just keep keep on believin
passing down an old old song

an old song
what everybody's got that chapter
of dark and darker days
saturn seems to be returning
and his essence can't be tamed
some may light to fight it
try to plan a secret attack
but the more you push it
the more it's pushin you back

so
you can't rush your healing
darkness has its teachings
love? is never leaving
you can't rush your healing
your healing
mama well she told me time is such a wonderful gift
you're not running out
you're really running in
confusion clouds the heart but it also points the way
quiet down the mind
the more the song will play

so
you can't rush your healing
darkness has its teachings
love is never leaving
you can't rush your healing
your healing
your healing
your healing
your healing you can't rush your healing
darkness has its teachings
love is never leaving
you can't rush your healing
