

Shout It Out

Kingdom Come

You know at times it gets real hard
Keep runnin'
I know at times it breaks your heart
Keep runnin'
Just hold your head up high and be proud
And let your spirit cry out loud
Shout it out, shout it out
You know at times they make you mad
Keep runnin'
I know at times it can get so bad
Keep runnin'
Just hold your head up high and be proud
And let your spirit cry out loud

Shout it out, shout it out
Shout it out, shout it out
In all the world there's just one of you, oh
You know at times you want to quit
Keep runnin'
I know at times you take a hit
Keep runnin'
Just hold your head up high and be proud
And let your spirit cry out loud
Shout it out, shout it out
Shout it out, shout it out
Yeah, just [Incomprehensible] shout it out
