

# Balconies

## The Ready Set

So if you just ask, you know that I'll stay here  
To keep you warm when midwest winter comes  
If that's what you need, I think that I'd suffice, dear  
I'm hoping you can take my heart and mold it into something pure and true

Oh, I see it in the look in your eyes like its not over  
Oh, the way that it sways and swells like ashes in the sky

This will fall in place, this will fall in place  
But I don't wanna miss one day of your eyes and your smile  
And everything else that I love, that I love  
So say you need me all the same, you need me all the same and you don't wanna see me go  
I know it's gonna break your heart that I'm the same, but its fine, we'll be fine  
We've got

You're faking me out when we were just kids, dear  
The hallway where I held your hand's still there  
The set and the sea is blue as fake eyes and sweet with melodies  
The Florida coast line, we chased the sunrise  
I'm hoping not to get to you in time  
I love the Pacific, I couldn't tell you how they're different but they're here and they're now so keep your ears to  
the ground

Oh, You got me all broke up over second chances  
Oh, I thought that it was cool how you would play it when you're out and dancin'

This will fall in place, this will fall in place  
But I don't wanna miss one day of your eyes and your smile  
And everything else that I love, that I love  
So say you need me all the same, you need me all the same and you don't wanna see me go  
I know its gonna break your heart that I'm the same but its fine, we'll be fine  
We've got heart

We're alive  
Could you ask for anything more?  
We're alive  
Oh oh oh oh

Don't stop, don't stop dancin' till forever  
Don't stop, don't stop dancin' till forever  
Don't stop, don't stop dancin' till forever
