Rock Hard Ride Free

Judas Priest

Get a grip on the action
Moving heaven and earth
Gotta get a reaction
Push for all that you're worthNo denying
We're going against the grain
So defiant
But they'll never put us downRock hard ride free
All day, all night
Rock hard ride free
All your lifeTough as steel, stop at nothing
Look at fate in the face
Don't take no for an answer
Grab the lead in the raceNo denying
We're going against the grain
So defiant
But they'll never put us downRock hard ride free
All day, all night
Rock hard ride free
All your lifeRock hard with a purpose
Got a mind that won't bend
Die hard resolution
That is true to the endNo denying
We're going against the grain
Because it's so defiant
Everybody scream insolenceRock hard ride free
All day, all night
Rock hard ride free
All your lifeRock hard ride free
All day, all night
Rock hard ride free
All your lifeRock hard ride free
All day, all night
Rock hard ride free
All your lifeRock hard ride free
All day, all night
