

# Soul Sacrifice

## Cathedral

Tortured self worth  
Abstracts of wrath  
Released from attachment  
Inner human reaction Muted, unable to realize  
Images of your designs  
Soul sacrifice a blessing to me  
Carve me from your memories Deep impressions, my depths  
Worthless as each breath  
Worlds within words of half truth  
My fears of losing you I pour scorn from the lowest place  
Color fades from your face  
Annihilation acceptance  
Paradox of existence
