No Pressure

Elevation Youth

God when You draw near
You change the atmosphere
Thereâ€™s no shame anymore

The sin that held my heart
You have lifted off
I am weightless in Your love

In You Iâ€™ve come alive
Eyes wide, my dreams inspired
Your truth has opened my eyes
My heartâ€™s alive, my heartâ€™s alive

The weight has been released
No pressure on me
No pressure on me

Your love has rescued me
Forever Iâ€™m free
Forever Iâ€™m free

Your Spirit bright inside
The future open wide
You are all Iâ€™m living for

Thereâ€™s no power to fear
I am in the clear
You have overcome it all

In You Iâ€™ve come alive
Eyes wide, my dreams inspired
Your truth has opened my eyes
My heartâ€™s alive, my heartâ€™s alive

The weight has been released
No pressure on me
No pressure on me

Your love has rescued me
Forever Iâ€™m free

Forever Iâ€™m free

The weight has been released
No pressure on me
No pressure on me

Your love has rescued me
Forever Iâ€™m free
Forever Iâ€™m free

The weight has been released
No pressure on me
No pressure on me

Your love has rescued me
Forever Iâ€™m free
Forever Iâ€™m free
