

Message of Aiwaz

Dies Irae

When messenger arrived
The groundworks of world shook
And priests, hypocrites trembled
Aiwaz has brought knowledge
And the equinox of gods began
He liberated all stars from the bonds
The religious bonds of law and order
And each of them has found
His own sphere of action
And the new aeon began
When messenger arrived
We took our lot in our hands
Following the law of 93
And worshiping Khabs
We became children of son and moon
I am the snake who
Gives knowledge, delight and glory
I am the snake who
Curses because and mercy
When messenger arrived
We took our lot in our hands
Following the law of 93
And worshiping Khabs
We became children of son and moon
When messenger arrived
We took our lot in our hands
Following the law of 93
And worshiping Khabs
We became children of son and moon
What is the law?
Love is the law
Love under will
The law of 93
What is the law?
Love is the law
Love under will
The law of 93
