Faint Resemblance

Rise Against

Wait
I'm not listening to you now
I wasn't listening to you then
I know that nothing will be the same againThere's only so much I can handle
Only so much I can take
Before my knees start to buckle
And my arms start to shakeHave we been here before?
Will we be here again?
I don't know
How much more of me you expectStanding here right now
And I beg for you to let go
I dread the day you finally do
And I fight for your attention
Little too late, too much too soonAnd how will this plague the time
We share from here on out
And how long will this taint
All these words spilling from my mouthHave we been here before?
Will we be here again?
I don't know
How much more of me you expectStanding here right now
Standing here right now
Love standingAnd have we been here before?
Will we be here again?
I don't know
How much more of me you expect
