

Outta My Head

I Hate Kate

Attraction
Traction
More than your reaction
Action to the touch
Imagine, imagine you've given up so much I keep making all the same resolutions
Remaining nameless for the sake of confusion
The future's got me worried about postulation
Get you out of my head, my head, out of my head There's no word that don't get said that confuse me
Every good intention left to abuse me
Set the world on fire waking up screaming
Get you outta my head, my head, outta my head Outta my head
Outta my head
Outta my head Attraction
Traction
More than your reaction
Action to the touch
Imagine, imagine you've given up so much
To get you outta my head I keep making all the same resolution
Remaining nameless for the sake of confusion
The future's got me worried about postulation
Get you outta my head, my head, outta my head There's no word that don't get said that confuse me
Every good intention left to abuse me
I'll set the world on fire waking up screaming
Get you outta my head, my head, outta my head Outta my head
Outta my head
Outta my head Attraction
Traction
More than your reaction
Action to the touch
Imagine, imagine you've given up so much
To get you outta my head Attraction
Traction
More than your reaction
Action to the touch
Imagine, imagine you've given up so much
To get you outta my head Never know till you try
I'll sit right here until I die
Until I die Outta my head
