

Damned In Fire

Fleshcrawl

Evil mean and hellbent
We're searching for the way
 No anticipation
That our future has decayedThe fires burnt for ages
 Throughout the night
 When history was written
No one survivedDamned in fire, we will burn
 Damned in fire, our turn
 Damned in fire, death in flames
Damned in fire, our graveEvil mean and hellbent
 We're searching for the way
 No anticipation that
 Our future has decayed
