

Crawl

Bad Omens

Lost again and feeling broken
You can see the change
I thought I had it all but you can see the change
Falling, fading away
I'm crawling to sleep
To dreams I couldn't keep
Breaking, slipping away
Where you are so near and we're back at the start
If this dream should last forever I pray to die
Between the city's gates and nowhere is where I'll be my dear
Ghosts of soldiers will greet you and point the way to me my dear
Falling, fading away
I'm crawling to sleep to dreams I couldn't keep
Breaking, slipping away
Where you are so near and we're back at the start
Falling, fading away
I'm crawling to sleep to dreams I couldn't keep
Breaking, slipping away
Where you are so near, and we're back at the start
Falling, fading away
I'm crawling to sleep to dreams I couldn't keep
Breaking, slipping away
Where you are so near, and we're back at the start
If this dream should last forever I pray to...
