

Faster Car

Keith Urban

Any time that you want, what you need
Close your eyes and say my name, call on me
And I'll be there for you no matter what they say, rain hail or shine
I got my eye spy to the sky waitin' on your sign
Roll the dice, and take a chance, a chance on me
'Cause you never can tell where a little bit of faith might lead
I got a U-shaped hole inside I swear it gets deeper by the day
And flickin' cigarettes out the window goin' nowhere in this lonely rain
I need a faster car now
A rocket ship straight to the moon
I need a faster way to
Show you how much I need you, baby
It's a crime, it's a sin, it's a damn shame
But you're the cause and you're the cure of all my pain
There's never been a bigger fool for you, I can't believe my pride
You got me talkin' to an empty pillow in the middle of the night
I ain't slept in quite a while

I need a faster car now
A rocket ship straight to the moon
I need a faster way to
Show you how much I need you, baby
I need a faster car now
A rocket ship straight to the moon
I need a faster way to
Show you how much I need you, baby
I need a faster car now
I'm a rocket man in love with you
I need a faster way to
Show you how much you drive me crazy
Show you how much I need you, baby
I need it baby
Yeah, it's alright now
