I Believe

Greater Vision

I Believe by: Greater Vision

Many people living here on earth
Donâ€™t know what they believe
So they turn their heart to every new religion
But Iâ€™ve had thee in my soul oh I know what I believe
The old, old story, still is worth believing

Cause, I believe that God looked down on earth and saw the sins of man, and I believe his love compelled him to restore us back to Him
I believe the Holy Spirit cause a virgin to conceive
I believe she had a baby boy and Jesus was His name
I believe that Jesus lived a perfect life in every way though I believe that was tempted on a mount for 40 days
I believe that He experience the trail that we go so that one day we could pray to Him and Heâ€™ll know what to do
I believe he head to a cross where he was lifted high and I believe he took my sins upon Himself and then died
I believe he rose again and soon Heâ€™s coming back for me, I believe it, I believe it, I believe!

Do you know, what you believe, if someone were to ask?
Are you grounded deep, within the Bible's pages?
Study, learn, read Godâ€™s word, it is a simple task.
You can change the world if you know what you believe in.

Just say,
I believe that God looked down on earth and saw the sins of man, and I believe his love compelled him to restore us back to Him
I believe the Holy Spirit cause a virgin to conceive
I believe she had a baby boy and Jesus was His name
I believe that Jesus lived a perfect life in every way though I believe that was tempted on a mount for 40 days
I believe that He experience the trail that we go so that one day we could pray to Him and Heâ€™ll know what to do
[I believe he head to a cross where he was lifted high and I believe he took my sins upon Himself and then died
I believe he rose again and soon Heâ€™s coming back for me, I believe it, I believe it, I believe! 2x]
