Common

Common by Robyn Dell'Unto

oh I oh I heard you came back
somebody saw you around
this town is tiny like that
oh you oh you look just the same
except that look on your face
like youâ€™re still so far away

we sit a while
we make those smiles
like we got a mouth full of cotton
like we got nothing in common
cause I left it like
and you left it like
thatâ€™s how we wanted
cause we got nothing in, nothing in, oh

but truth is I miss this
the truth I miss this

good good good yeah Iâ€™m doing great
oh yeah you know how it is
yeah Iâ€™m sure you can relate

no no let me pick up this round
oh hell that sounds like a trip
bet it was hard coming down

weâ€™ll sit a while
we make those smiles
like we got a mouth full of cotton
like we got nothing in common
cause I left it like
and you left it like
thatâ€™s how we wanted
now we got nothing in nothing in, oh

but truth is I miss this

the truth I miss this
