

# The Rain

## K-Os

You say you love me but then you turn and walk away  
All for a love not even born yesterday  
I see you on the streets and you just pass me by  
You think I got no feelings, think Im living highBut let me tell you  
I could be on the TV, I could be in their magazines  
But its never enough when you felt the touch  
Of an angel thats rocking your soulWhen the rain comes down  
Youre never around  
But when the sun comes up  
You always steal the fireAnd rain comes down on this side of town  
But people have no feelings  
They just run around  
They just, they justWe keep chasing dollars, its making me holler, I just dont know  
I dont need a check, I need some respect, so people you know  
And the war and the babies crying  
And the car and the house and the rings and the things  
That dont mean nothingYou could try to hate, classify and make your rate down  
But Im here to elevate, Ill be floating in outer space nowWhen the rain comes down  
Will you be around?  
When the sun comes up  
Will you always steal my fire?And rain comes down on this side of town  
But people have no feelings, people
