Blood Ritual

Samael

Life, where suffering is the only satisfaction
Sadness of my nights without sleep
Anguish to be alone against allRitual of blood, where a human being
Gives his life for mine
Spills his blood for mineNow I will be them and they will be mine
And we'll be one above your godBlood ritual / Purification by the blood
Blood ritual / Total consecrationMy spirit has dived into the infernal storm of evil
My soul is forever tormented
Take advantage of this jouvencal fluid
Deliver your soul from claws of ignorance- Death is the only way to escape the misery of life
- Death is the only way to reach the supreme powerThe caress of he blade on his skin
Is waking up my old cruel dreamsLook the so coveted liquid going out of his body
Look the sacred fluid spilling out of his woundsLet your mind be impregnated
By this mad attraction
