Under Control

The Internet

Advisory - the following lyrics contain explicit language:

I woke up impatient and anxious
Chasin' dreams in my sleep
Got me feeling like I made it
Then I wake up and see
Frustration, tracing for payment
Thankfully they know me
Can't get enough of the paper (Get enough of the paper)I know you love it babe, 'cause I'm a risk
But if you put it on, Imma win
And if you give it time, I won't forget
When Im a legend baby, and we're all richI need you to know
It's under control, I got it
And as it unfolds, I got you, I promise
I promise I'm on itI can't help but feel like I'm wastin', precious time in my life
Worrying about my behaviors, sometimes I think I'm too nice
I know I'm destined for greatness, fuck a critic's advice
They hatin' 'cause I'm a player (they hatin' 'cause I'm a player)I know you love it babe, 'cause I'm a risk
But if you put it on, I'mma win (I'mma)
And if you give it time, I won't forget (I won't forget)
When I'm a legend baby, and we're all richI need you to know
It's under control, I got it (I got it)
And as it unfolds, I got you I promise
I promise I'm on itWhen it's all said and done
I've said all I want
You know I'm tellin' you the truth
When I say take I'll take care of you
Yeah, yeahBut look, I need you to know (it can only get better from here)
It's under control, I got it (I got it babe)
And as it unfolds, I got you, I promise
I promise I'm on it
I need you to know
It's under control, I got it
And as it unfolds, I got you, I promise

I promise I'm on it
