

# Under Control

## The Internet

Advisory - the following lyrics contain explicit language:

I woke up impatient and anxious  
Chasin' dreams in my sleep  
Got me feeling like I made it  
Then I wake up and see  
Frustration, tracing for payment  
Thankfully they know me

Can't get enough of the paper (Get enough of the paper)I know you love it babe, 'cause I'm a risk

But if you put it on, Imma win  
And if you give it time, I won't forget  
When Im a legend baby, and we're all richI need you to know  
It's under control, I got it  
And as it unfolds, I got you, I promise

I promise I'm on itI can't help but feel like I'm wastin', precious time in my life

Worrying about my behaviors, sometimes I think I'm too nice  
I know I'm destined for greatness, fuck a critic's advice

They hatin' 'cause I'm a player (they hatin' 'cause I'm a player)I know you love it babe, 'cause I'm a risk

But if you put it on, I'mma win (I'mma)  
And if you give it time, I won't forget (I won't forget)  
When I'm a legend baby, and we're all richI need you to know  
It's under control, I got it (I got it)  
And as it unfolds, I got you I promise

I promise I'm on itWhen it's all said and done

I've said all I want

You know I'm tellin' you the truth

When I say take I'll take care of you

Yeah, yeahBut look, I need you to know (it can only get better from here)

It's under control, I got it (I got it babe)

And as it unfolds, I got you, I promise

I promise I'm on it

I need you to know

It's under control, I got it

And as it unfolds, I got you, I promise

I promise I'm on it
