

# Chasing Girls

Rodney Atkins

It started out summer fun  
Chasin' Ally Brooke with a water gun  
She'd laugh and she'd scream  
She'd run and say you can't catch me Well time passed I turned sixteen  
Crusin' from the Sonic to the Dairy Queen  
Runnin' the roads we ruled like kings We'd say, well here comes Ally with her hot friends  
They got water balloons in their hands  
Oh man they got me now let's get them (Chorus)  
Chasin' girls, what a life  
Man I love them can't get enough of them  
From their toes up to their curls Chasin' girls, hard to catch  
Sweet to hold, even tougher to let them go  
Nothin' like it in the whole wide world  
Chasin' girls Caught Ally Brooke, and that was that  
Bought a home bungalow on a culdesac  
Settled in, and I knew that my girl chasin' day were through Until she handed me the EPT  
I said tell me what this blue strip means  
That was then, and now our twins are three And it's who left the popsicle on the couch  
Don't let that dog lick you in the mouth  
Up and down all around this house  
I'm right back to where I started out (Chorus)  
Chasin' girls, what a life  
Man I love them can't get enough of them  
From their toes up to their curls Chasin' girls, hard to catch  
Sweet to hold, even tougher to let them go  
Nothin' like it in the whole wide world  
Chasin' girls Last night I had a nightmare  
The future was now here  
My little girls were in their teens  
And then these teenage boys appeared Oh no  
Yeah (Chorus)  
Chasin' girls, hard to catch  
Sweet to hold, even tougher to let them go  
Ain't nothin' like it in the whole wide world  
Chasin' girls Chasin' girls  
Oh  
Whoo
