Still Here

Jennifer Hudson

You looked at me and saw what I never could see
You made me be more than I thought I could ever be
And when I needed a friend
You were always there to lift me up to make me strongYou're not gone
You're still here with me all the time
You're still here when I close my eyesI still see you, I still feel you
And we'll never be apart
You're still here, still here in my heart
In my heartIt's because of you I knew how it felt to be loved, oh
You made me feel beautiful 'cause you believed I was
And I will never forget how you touched my life
You made me feel like I belonged, you'll live onYou're still here with me all the time
You're still here when I close my eyesI still see you, I still feel you
And we'll never be apart
You're still here
Still here in my heart, ohYou're my life
You'll be in my life
You'll be part of me
I'll just think of you and you'll beStill here with me all the time, oh Lord
Still here when I close my eyes
I feel you, and we'll never, never be apart
You're still here, still here in my heart
In my heartStill here
Still here
Still here
