Translations

Sparta

When you fall
You fall on your own
Let it slip awayWhen you land
You land on your own
Let it slip awayRealize you try to find something
A branch to hold onto
Make peace with your actionsIn your last ditch attempt
Find your redemption
Make peace with your actions
Make peace with your actionsWhen you feel
You feel all alone
Let it slip awayWhen you die
You die on your own
Let it slip awayRealize you try to find something
A branch to hold onto
Make peace with your actionsIn your last ditch attempt
Find your redemption
Make peace with your actionsRealize you try to find something
A branch to hold onto
Make peace with your actionsIn your last ditch attempt
Find your redemption
Make peace with your actionsMake peace with your actions
Make peace with your actions
Make peace with your actions
Make peace with your actions
