

Sailing Away

Caleb Johnson

Swung too fast around the bend
Riding on two wheels
Spinning out over the edge
Is how you make me feel Mark the days upon the wall
Like a treasure in my home
Doesn't matter where I go
'Cause you ain't coming along I'm sailing I'm sailing away
Sailing I'm sailing away
I'm sailing
Never coming back threw my heart in the trash and that's that
I'm sailing away
I'm sailing away Every morning suit and tie
Like a noose around my neck
Hang me up and out to dry
Until there's nothing left I've dreamt this scene a thousand times
Marching out so free
Empty pockets in the wind
Buddy you ain't the boss of me I'm sailing I'm sailing away
Sailing I'm sailing away
I'm sailing
Never coming back threw my dreams in the trash and that's that
I'm sailing away
I'm sailing away
Hey hey
Say love you baby
I'm sailing
I'm sailing
Baby Hit the spot, I'm back on top
Things are finally looking up
One more round, I'm going down
Passed down in the lost and found Burning on my ?
I swear I'm coming back
Coming back, yeah I'm sailing I'm sailing away
I'm sailing (Hey) I'm sailing away
I'm sailing
Never coming back threw my heart in the trash and that's that
I'm sailing away
I'm sailing away
