Girl's Mind

Play

Yeah
When you hear us say, "Yes", sometimes it means, "No"
We'll tell you to stop when we want you to go
I know that we're different but we're all the same
It's all in the games that we play
Now if you wanna please me, don't take it so far
Think it's gonna be easy but you're trying too hard
Gotta know how to treat me if you know what I mean
It's still the Devil and angel, I'm caught between
You don't get it, don't see it, don't know what I want
Don't know how I'm feeling, you got me all wrong boy
So don't you forget it, you'll never get inside
A girl's mind
A girl's mind
So if you heard what I'm saying, you'll be thinking it true
You won't do what you want, but do what I want you to do
Will you figure me out or misunderstand?
'Cause I really want you to know who I am
You don't get it, don't see it, don't know what I want
Don't know how I'm feeling, you got me all wrong boy
So don't you forget it, you'll never get inside
A girl's mind
You only knew what I feel for you
If you'd only see what you mean to me
If you'd only hear how much I care
You know what is goin' on in my head
You don't get it, don't see it, don't know what I want
Don't know how I'm feeling, you got me all wrong boy
So don't you forget it, you'll never get inside
A girl's mind
You don't get it, don't see it, don't know what I want
Don't know how I'm feeling, you got me all wrong boy
So don't you forget it, you'll never get inside
A girl's mind
