Wounds

The Beautiful Girls

Well maybe I am around for you
Well maybe I stay around with you
Wee girl, I wana get you girl
And Tell ya all of those things I said were true

Like I'm always guna love ya' till the day it comes that I can't love no more
And the clouds all up above ya' will soon roll away and we won't cry no more
And it may never be easy, never easy, well I cannot say for sure
I'm only hoping that you see me, that you see me, and that we can move along

Oh and there ain't nobody that doesn't feel no pain
And its true, that all these wounds will someday fade away
Don't you fade away

Well maybe I've been around too long
And you'd never notice when I'm gone
Wee girl, ain't nothing in this world gonna getcha
Away from this road we're travelling on

So baby turn your lights down
And on our way home I'll stop over for sure
And we'll talk about this whole time
And we'll eat our food at fancy restaurants

Say ya never knew me, never knew me, if that makes it easier
There's a cold wind blowing through me, blowing through me, and I feel it won't be long

Oh and there ain't nobody that doesn't feel no pain
And its true, that all these wounds will someday fade away
Don't you fade away

Oh and there ain't nobody that doesn't feel no pain
And its true, that all these wounds will someday fade away
Don't you fade away
