

# The Reason

Cody Simpson

Not an ocean, not a mountain  
Not an earthquake, not a storm  
Nothing could stop me from wanting  
To hold you and keep you warm  
When I close my eyes I see your face  
Every time you smile, lights up the place  
Made me believe that love was real  
I'ma tell you how I feel!  
Throw myself in the ocean,  
cause I'm love sunk over you  
Sail my heart straight into you,  
cause you're the reason I'm breathin'  
Throw my love in the ocean,  
sail my heart straight into you  
And girl I'm love sunk over you,  
cause you're the reason I'm breathin'  
Ohh ooh ohh, yeah  
When I close my eyes,  
I see your face  
Every time you smile,  
lights up the place  
Made me believe that love was real  
I'ma tell you how I feel  
Baby you should know how much I  
think of you  
How much I dream of you  
I need you, I need you  
Baby you should know how much I  
think of you  
How much I dream of you  
I need you  
Throw myself in the ocean,  
cause I'm love sunk over you  
Sail my heart straight into you,  
cause you're the reason I'm breathin'  
Throw my love in the ocean,  
sail my heart straight into you  
And girl I'm love sunk over you,

cause you're the reason I'm breathin'  
Ohh ooh ohh, ohh ooh ohh,  
ohh ooh ohh, ohh  
I'm drownin' in your love,  
but girl never comin' back to shore  
Ohh ooh ohh, ohh  
I'm staying out at sea,  
now please believe me  
Ohh  
I'm throwin' myself in the ocean,  
cause I'm love the sunk over you  
Sail my heart straight into you,  
cause you're the reason I'm breathin'  
Throw my love in the ocean,  
sail my heart straight into you  
And girl I'm love sunk over you,  
cause you're the reason I'm breathin'  
Ohh, ooh, ohh, ohh, eh, eh
