Scarlet (long Version)

Lush

(Anderson / Berenyi)Nothing can eclipse
Tender fingertips
Youthful girlish hips
Crimson pouting lipsBut what d'you say when nothing's meant
What d'you do when all is spentFaithless faceless night
Drenched in empty light
Scarlet starlet's bright
Vanity's delightCream of life you'll find in her
First to come she's first to serveTurned away you're out of luck
Spurned again
No one to fall in love
