# On My Way to Wonderful

## Wade Bowen

On my way to wonderful I found you, it feels so good to be around you
Pray the day; forevers what Im feeling, something to believe in, baby.
In your eyes everything under horizon, I can see the light, oh, how it shines
Hold on tight to this gift that has been given, were alive but now were really living.Living a dream, lost in a smile, loving a heart, knowing its mine
We are a song, a song of a sea, let the world hear it, baby, let it ring.On my way to wonderful I found you, it feels so good to be around you
I pray the day; forever its what Im feeling, something to believe in, baby.In your eyes everything under horizon, I can see the light, oh, how it shines
Hold on tight to this gift that has been given, were alive but now were really living.Living a dream, lost in a smile, loving a heart, knowing its mine
We are a song, a song of a sea, let the world hear it, baby, let it ring.On my way to wonderful I found you, it feels so good to be around you
I pray the day; forever its what Im feeling, something to believe in, baby.Yeah, something to believe in
To wonderful
Oh, on my way
To wonderful
