You Know Just What I'd Do

Conway Twitty

If we lost all we had
Would I walk your rocky road
Take a different path?Would I sell my pride for you
If you asked me to walk the streets?
You know just what I'd doWould your child have a home
If it should be born
Of love other than our own?Would I still stand by you
Knowin' you've loved someone else?
You know just what I'd doIf my love for you meant giving up my life
Would I lay it down for you?
And if you were blind would I give you my sight?
You know just what I'd do if you ask me toWould I live with the scar
That you carry in your heart
From another woman's war?Would I mend your wounds for you
If I knew you needed me?
You know just what I'd do
