

Look At Me Now

America

I'm feeling alright, I'm sleeping okay
I'm getting to work on time
But everything else, I guess
Has really turned out a mess What can I do, what can I say?
Nothing will change your mind
I'm thinking that I should call
But baby, I'm not that kind Woman, look at me now
I'm doing better on my own somehow
Woman, I'm making my way
Through the day now, hey now Woman, look what you've done
Unleashed this fool on everyone
Woman, I'm making my way
Through the day I'm shining my shirt, I've ironed my shoes
I think that I'm looking fine
I'm getting all kinds of looks
Forgot how much time it took I run out of gas, I fall on my ass
It's happening all the time
What am I doing wrong?
I'm practicing all day long Woman, look at me now
I'm doing better on my own somehow
Woman, I'm making my way
Through the day now, hey now Woman, look what you've done
Unleashed this fool on everyone
Woman, I'm making my way
Through the day Life is so strange
Roles constantly changing
Hey, hey, hey Woman, look at me now
I'm doing better on my own somehow
Woman, look what you've done
Unleashed this fool on everyone Woman, look at me now
Woman, look at me now
Woman, look at me now
Woman, look at me now
