

It Just Won't Do

Tim Deluxe

La, la, la etc.

My eyes, that cannot see
other guys that are cuter.
And my ears they cannot hear
my friends say
I should walk away

But my heart, it won't obey
it won't do, without you
I doubt my heart, it won't obey
it just wont do, without you

My knees they don't go weak
they don't go giddy-up
when you don't call me
And my head
it does not spin
so don't try me, with your sweet nothings

But my heart, it won't obey
it won't do, without you
I doubt my heart, it won't obey
it just wont do, without you

My mind is buggin' out
when I think you're it
see me run
lucky lil' split
And my toes watch them curl
don't call me babe cause I ain't your little girl

But my heart, it won't obey
it won't do, without you
I doubt my heart, it won't obey
it just wont do, without you

La, la, la etc.

My mind is buggin out

when I think your're it
see me run
lucky lil' split
And my toes watch them curl
so don't call me babe cause I ain't your little girl

But my heart, it won't obey
it won't do, without you
I doubt my heart, it won't obey
it just wont do, without you

La, la, la etc.
