Back To Life

Prezioso

I've been looking for your love
But i could'nt find the way
Baby I've been such a fool
Co's I want someone
Someone who just cares for me
And it's got to be with you
All the times I've tried before
Only feelings just for you
Waiting for your love so true
Bless the day I'll find you
It's gonna change my world
I'm not living without youBack to life to love
Back to life oh oh o
Back to life to love
Back to life oh oh oOh oh oh oh oh o
Turning back to life
Walking back to life
Oh oh oh oh oh o
Turning back to life
To somethin' I can believe
