

# Live Good

## Burning Spear

Try my best to live good  
Try my best to do the right  
I don't know what wrong have I done you  
I don't know

I don't know what wrong have I done you  
I don't know  
All I know I must speak  
I must

All I know I must speak  
I must

I don't know what wrong have I done you  
I don't know  
I don't know what wrong have I done you  
I don't know  
All I know I must speak  
I must

All I know I must speak  
I must
