

For Your Purpose (feat. Lee Brown)

Victory Worship

Every star You know by name
With one breath all life begins
From the beginning, until the end
You're the one foundation You shape me, inside and out
You made me to be all about
About You, what can I do without You? So tell me who I am
Remind me of Your plans
Lord, You know me more
You know it all
So, tell me who I am
Remind me of Your plans
I wanna know You more
Know You more
You say I'm Yours
And You love me most
Nothing I want more
To live for Your purpose 'Cause You are my God
And You love me most
Nothing I want more
To live for Your purpose You shape me, inside and out
You made me to be all about
About You, what can I do without You? So tell me who I am
Remind me of Your plans
Lord, You know me more
You know it all
So, tell me who I am
Remind me of Your plans
I wanna know You more
Know You more
You say I'm Yours
And You love me most
Nothing I want more
To live for Your purpose 'Cause You are my God
And You love me most
Nothing I want more
To live for Your purpose Where You go, I'll go
What You say, I'll say
Let the whole world know
Of who You are to me Where You go, I'll go

What You say, I'll say
Let the whole world know
Of who You are to me You say I'm Yours
And You love me most
Nothing I want more
To live for Your purpose
'Cause You are my God
And You love me most
Nothing I want more
To live for Your purpose
'Cause You are my God
And You love me most
Nothing I want more
To live for Your purpose
To live for Your purpose
