

Phazed By the Storm

[Nektar](#)

Fathers of the stars
We came and now we part
You know only time will tell
The answers to our dreams at night
Saviours of our hearts
We came in peace with god
It seems, were searching for amends
For those children we won't see again
Old man, sitting in his daydream A romance, o book that no-one else sees
But he knows, there's some things that we can't be
He's the giver, and spirit of a mans dream
Please take it away
I can't stay anymore
Phazed, phazed by the storm
I can't take anymore
Old man, the day you came to
see me
You gave me, more than just a vision It was a passion, my heavy heart became free
Free to wonder and taste the fruit of life's tree
Please take it away
I can't stay anymore
I'm phazed, phazed by the storm
I can't stay in this world
Please take me away
Old man sitting
In his daydream
No-one can know
What he's thinking
Let your mind stroll
Let your heart roam
Don't you know you're phazed by the storm
