

Don't Lock Me Out

Joe

You make laugh
You make me cry
You make me hungry like a wolf out in the night
It touches fire, it grows its eyes
Rips my soul out, leaves me naked to the sky
You take me up, up, up to the sky
Till you took me up where I can feel I can fly
You sealed me up when you've closed heavens gate, now I'm living in hell everyday
You give me love, you give me love, girl don't lock me out your heart tonight
You locked me out of paradise cause if you do I'm gonna die tonight
Don't lock me out, don't lock me out, don't lock me out your heart tonight
Don't lock me out, don't lock me out, don't lock me out your heart tonight
Girl you've got me chasing dreams, loves a never changing code I can't compete
When I think I've got the key, leave me outside in the cold into the breeze
You take me up, up, up to the sky
Till you took me up where I can feel I can fly
You sealed me up when you've closed heavens gate, now I'm living in hell everyday
You give me love, you give me love, girl don't lock me out your heart tonight
You locked me out of paradise cause if you do I'm gonna die tonight
Don't lock me out, don't lock me out, don't lock me out your heart tonight
Don't lock me out, don't lock me out, don't lock me out your heart tonight
Suddenly I love the gun fiery nights, unpredictable which one are you tonight
I'm so tired of giving you the best I've got and all I'm getting in return is nothing
You give me love, you give me love, girl don't lock me out your heart tonight
You locked me out of paradise cause if you do I'm gonna die
Don't lock me out, don't lock me out, don't lock me out your heart tonight
Don't lock me out, don't lock me out, don't lock me out your heart tonight
You give me love, you give me love, girl don't lock me out your heart tonight
You locked me out of paradise cause if you do I'm gonna die tonight
Don't lock me out, don't lock me out, don't lock me out your heart tonight
Don't lock me out, don't lock me out, don't lock me out your heart tonight
