Imogen Heap

Lonely [x8]
I am alone, surrounded by
The color blue
Inside a poem, the only
Words i ever knew
Washing my hands, of the
Many years untold
For now i am banned, my
Future is to unfold
Would you take my
Candlelight
Would you take my
Candlelight
Would you take
My candlelight
Away from me?
I am blind
My eyes
Are
Covered
From
The
Outside
For I have lied, now all
There is left for me
To do is hide
Take in a deep
Breath, I lift
My head
For I am a new man
And I arise from my bed
Would you take my
Candlelight
Would you take my

Candlelight, no
Would you take
My candlelight
Away from me?

Yeah
Would you take my
Candlelight
Would you take my
Candlelight, no
Would you take
My candlelight
Away from me?
Yeah [x16]
This is all there is, I can see that now
But I have to be careful with it, now it's been found, yeah
So fragile, but powerful, yeah this is the light
This is the light of my destiny, come stay with me, through every night
Would you take my
Candlelight
Would you take my
Candlelight, no
Would you take
My candlelight
Away from me?
Would you take my
Candlelight
Would you take my
Candlelight
Would you take
My candlelight
Away
Away from me?
