

# If I

## Bif Naked

Have you heard da news, today?  
I left you in the dust, and that's where you'll stay  
You never mattered anyway  
You don't really know how to play the game  
If I shed my skin, I won't feel  
(if I shed my skin)  
If I close my eyes, I won't see you  
(If I close my eyes)  
If I cover my ears and I won't hear  
(If I close my ears)  
I shut my mouth and I won't tell  
The truth  
You have a venomous tongue  
You deserve an iron lung  
You're spending your time obsessing  
And your hate will not ever let you be  
If I shed my skin, I won't feel  
(If I shed my skin)  
If I close my eyes, I won't see you  
(If I close my eyes)  
If I cover my ears and I won't hear  
(If I close my ears)  
I shut my mouth and I won't tell  
The truth about you
